#### A DOUBLE SEASON

Suggested as a Means of Renewing Interest in the Inter-State League. Magnates Asked to Express Them-

It is the desire of every club in the Inter-state league of base ball clubs that the interest in the championship race be maintained to the finish. Undoubtedly the interest is now far from being what the club owners desire Why? Because Toledo has apparently Mud Hens fall all over themselves they are sure winners.

Especially is renewed interest and enthusiasm desirable just at this mo-ment when a change is being made in the league's circuit, by the substitution of Columbus for Grand Rapids.
Will Columbus enthuse over the sixthplace Grand Rapids aggregation when
they failed to support Loftus' team that
was in the hunt for the lead at all
stages in the Western? Certainly not.
Then what of Wheeling, and of
Youngstown and of Dayton! Everybody will acknowledge that something
is needed to revive interest in all of
these towns, whose Inter-state teams
have proved such disappointments.

Is there a remedy?
There is, and the Intelligencer has taken occasion to bring it to the attention of the Inter-state magnatos.
Why not divide the season, close up
the first season on August 1, and besin anew with all the clube starting at
scratch for the second championship
the next day?
If this can be done, every team will
strengthen and make a desperate offort for a better showing in the second
season. Then, again, the two pennant
winners could be brought together at
the end in a final series to determine
the championship for the entire season,
and this would mean shekels galore for
the two clubs figurins.
Doubtless the Toledo newspaper gang
will let out a wall of deepest anguish
that anyone should suggest such a plan
just as they did on a former occasion)
but the fact remains that a bolstering
up of some sort is badly needed, and if
the Toledo crowd has anything better
to suggest the, Intelligencer and the
fans of Wheeling will be only too glad
to endorse it.

The Intelligencer has submitted this
plan to President Power and the magnates of the league, with the request
that they express their views. It is
hoped that there may be a showing of
sentiment that will result in the adoption of a needed measure of relef. the league's circuit, by the substitu-tion of Columbus for Grand Rapids.
